Introduction:

Ceux qui connaissent le morceau savent que c'est un morceau très long, du coup ça nous donne 6 pages de partition pour la batterie et 5 pages de partition pour la basse (partition et tablature)

Une ligne de basse très difficile et très rapide (comme souvent chez Iron Maiden), il y a des contretemps, des glissés, des pull-offs et des syncopes.

Pour la partition de basse il y a 1 dièse à la clef: le Fa#.

La partie de batterie est très difficile également, les difficultés sont les contretemps à la grosse caisse, les breaks en doubles-croches et en triples-croches. Pensez à muter les coups de cymbales crash (notes avec un point indiqué au dessus).
