### **Introduction:**

Une partie de basse relativement simple, les grosses difficultés sont les contretemps, les glissés et les hammers, attention à bien respecter la durée des notes !

Pour la partition il y a trois bémols à la clef: le Sib, le Mib et le Lab.

La partie de batterie est très répétitive et hyper simple, les seules difficultés sont les contretemps en croches sur la rim-shot et deux doubles-croches sur la cymbale charleston.
