### **Introduction:**

Les plus grosses difficultés de cette ligne de basse ce sont les accents, les contretemps, les glissés et les syncopes.

Pour la partition il y a 2 dièses à la clef: le Fa# et le Do#.

Une partie de batterie assez variée pour le coup ce qui n'est pas toujours le cas chez AC/DC, attention ! il y a plusieurs variantes pour les rythmes où le tom basse est joué en croches, les autres difficultés sont les suivantes: il y a beaucoup de contretemps à la grosse caisse, il y a quelques flas et il y a également les breaks en doubles-croches qui peuvent poser des problèmes aux plus débutants vu le tempo du morceau. **Attention ! J'utilise une écriture différente pour la hauteur des toms par rapport aux autres partitions qui sont disponibles sur mon site, consultez l'écriture de la batterie qui est située à la fin de ce dossier.**
