### **Introduction:**

Les plus grosses difficultés de cette ligne de basse en slap sont l'enchaînement une croche-deux doubles-croches qui n'est pas facile à tenir sur un tempo aussi haut, il y a également des accents, des contretemps et des syncopes.

Pour la batterie, les difficultés sont les mêmes que pour la basse à savoir l'enchaînement une croche-deux doubles-croches sur la charley, il y a également quelques flas et des breaks en doubles-croches qui pourraient poser des problèmes aux débutants du fait que comme je l'ai indiqué plus haut le tempo est assez haut (119).
