### **Introduction:**

Probablement le titre le plus connu du groupe Van Halen.

Pour les deux instruments attention aux triolets de noires à la fin du solo de synthé !

Pour la basse il y a beaucoup de syncopes et de contretemps sur les ponts et le solo de guitare plus quelques glissés qu'il faudra bien négocier.

La batterie n'est pas facile avec beaucoup de partie différentes, pas mal de breaks difficiles et des mises en place pas évidentes pendant les ponts et le solo de guitare.

Voici le lien pour écouter le morceau:
